

## TENNIS FOOD REIMBURSEMENT POLICY - VARSITY

This year we have included a food line item in each player's participation fee and are trying to handle food costs in a consistent manner for all teams. This way every player will be contributing the same amount to cover the food costs for the season. When you volunteer to provide food for a given match, a certain allowance is provided to reimburse expenses, depending on the amount of food needed. **A check requisition form (see links) must be completed with receipts scanned or taped to a single sheet of paper**

Here is the budgeted allowance – by match/number of people to be fed. Any amount spent over the budgeted amount will not be reimbursed. **Check with your coaches for food selection.**
